

Liability Underwriter

What we need

Despite the recent challenges faced by the industry in light of the pandemic, Corin has continued to develop new business, and increase revenues. As a result, we are currently seeking to recruit for a number of roles within the Corin team.

We have an exciting opportunity for an experienced underwriter to join a modern, fast-paced organisation who make an immediate impact and start supporting the highly experienced existing team to drive the current growth and future development plans.

The successful candidate will be working within an established underwriting team specialising in construction insurance, daily underwriting;

- Public and products liability
- Employer's liability
- Contract works
- Contractor's plant and equipment

Job Description

- Taking ownership of an individual case load, writing both new and renewal business in keeping with the underwriting guidelines
- Reviewing a variety of cases, delivering underwriting decisions within agreed timeframes, to secure profitable business within authority level and risk appetite
- Reviewing presentations in conjunction with the underwriting team, to ensure that information set out to the market is accurate and comprehensive
- Providing appropriate input to team meetings, sharing observations from the market, updating relevant management information and communicating key developments and plans
- Responding to market and third-party queries as required
- Maintaining and accurately recording company data and records via our online system
- Developing and maintaining excellent relationships, both internally and externally
- Adhering to all company processes and procedures to assist in the smooth operation of the business
- Ensuring compliance with company policy, customer service standards and external compliance regulations, i.e. FCA, GDPR etc.

What you offer

You will:

- Be Cert CII or Dip CII (an advantage)
- Have a minimum 2 years Underwriting experience
- Experience working within UK construction and/or high-risk liability would be advantageous
- Be highly numerate and literate
- Have strong analytical and communication skills

Liability Underwriter

What we offer

As well as the opportunity to join a fantastic team in a fast growing, forward-thinking MGA, we also offer the following:

- Competitive salaries and comprehensive benefits
- Annual bonus
- 30 days annual leave (inc Bank holidays) plus additional holiday for service
- Chartered Insurance Institute qualification
- Company pension contribution of 10%
- Private medical insurance
- Interest free season ticket loan
- Blended working environment (office/WFH split)*

*Subject to approval

Who you are

To succeed at Corin you will:

- Be a team player
- Have the ability to work well under pressure, working at pace without compromising accuracy
- Have ambition and a passion to help drive the business to the next level
- Be enthusiastic, positive and focused
- Have a great sense of humour and desire to foster meaningful working relationships

Who we are

Corin is a forward-thinking Managing General Agency, underwriting casualty-led risks in the UK and Ireland to a network of regional insurance brokers providing A rated insurance capacity. With a wealth of experience over several years, Corin commenced trading in January 2017 growing from strength to strength. Focusing on an understanding of the true value operating a traditional approach to risk, we place underwriting at the core of our business philosophy, enjoying long-term partnerships with selected broker panels. Our team members, have vast experience within the industry and share Corin's values having worked together for many years. A tight, professional team sharing the desire to succeed whilst also enjoying team functions outside of the day-to-day business.
